Back-stitches:

- 3835 Grape – dashed lines around the ribbon and the word ‘Savory’. These are to be stitched as straight lines
- 164 Forest Green (Lt) – These are found throughout the savory branches and are stitched as shown.

Photocopy the pattern and enlarge at least 200% for better legibility. Begin at the center and work darker colors first. Once all full cross-stitches have been completed, then the backstitches can be added on top of the full x-stitches. Block to frame, or stuff to create door pillow. Add tassels or fringe as desired.
